

JOB POSTING

Job Title: Professional and Clinical Educator

OPO/Company: Southwest Transplant Alliance, Dallas, TX

Position Description:

The Educator will ensure educational activities are congruent with the mission, goals, priorities and resources of Southwest Transplant Alliance and standardized across all departments. The incumbent is responsible for the assessments, development, planning, implementation and evaluation of competency assessments, continuing education (CMEs and CNEs) and supporting leadership development. Adult learning principles are to be incorporated in the planning, implementation and evaluation of educational and training programs. This position serves as a facilitator of change and role model of teamwork, professional and clinical excellence to support the STA Mission and Vision.

Qualifications:

- Current RN TX License, BSN required, Masters degree preferred
- ACLS/PALS certification preferred
- 3-5 years critical care experience in ICU/CCU/ED
- 2 years prior experience in clinical education, training and adult learning principles
- Prior experience in physician education and CME programs preferred
- Must be proficient in MS Word, Excel, Power Point
- Excellent verbal and written communication skills required
- Must be able to travel to STA Regional office locations and work outside the normal business hours. Works a variety of shifts to meet the learning needs of clinical and physician staff

Deadline for Submission: until the position is filled
