

Title: Director, Procurement

OPO/Company: LifeQuest Organ Recovery Services

Position Description: Achieve new heights of excellence in your career by joining LifeQuest, a renowned organ procurement organization within a renowned health system, Shands HealthCare. LifeQuest, located in Gainesville, FL, has a current opening for a Director to oversee operations of the Procurement Division.

This dynamic position will be responsible for managing on-call assignments providing guidance to staff regarding medical management of the organ donor; evaluation/placement of organs for transplant according to UNOS/OPTN policy; assuring compliance with organ donor regulations on both the state and federal levels; and working closely with the transplant physicians and surgeons to build and sustain relationships to maximize donor management and transplant outcomes.

Qualifications: Competitive candidates will have prior experience either as a Director of Procurement, Clinical Manager, Advanced Practice Coordinator or Senior Procurement Coordinator with supervisory experience for a minimum of three years in an organ procurement organization. Will also consider graduate of an ARNP, RN, PA or RT program with 5 years experience in an organ procurement organization. CPTC certification required.

Must demonstrate knowledge or experience with policy, procedure, and regulatory issues governing organ procurement. Prefer experience or knowledge of training standards for new organ procurement coordinators and administrator on call duties.

This is where you can do your life's work. And do it better than ever before.
