

**Title:**           **Manager, Procurement Services**

**OPO:**           **Lifeline of Ohio**

**Position Description:**

Lifeline of Ohio, the Columbus-based, non-profit health care agency dedicated to the recovery and placement of organs and tissues for transplant in central and southeastern Ohio, seeks a Manager of Procurement Services to provide leadership in the development and administration of organ procurement that will support the organization's values and culture, while maintaining the ability to maximize the Procurement department in the achievement of goals and objectives.

The Manager of Procurement Services is responsible for the management of our clinical teams including, coordinators, and family services staff, to promote maximization of donor gifts. The Manager of Procurement Services is also responsible for the selection, training, development, and performance of assigned staff to retain a motivated, professional workforce for the company.

**Qualifications**

The ideal candidate will have 3-5 years of organ procurement experience and be a Registered Nurse or comparable health care degree or certification. Prior management or supervisory experience is preferred

**Deadline for Submissions:**

Open until filled

**Contact:**

Lifeline of Ohio provides an excellent compensation package and an environment conducive to personal and professional growth. Please e-mail resume, references and salary requirements to [humanresources@lifelineofohio.org](mailto:humanresources@lifelineofohio.org). No phone calls please.
